

## MLH1 Antibody

Catalog No: #P1029

Package Size: #P1029 0.1m

Orders: [order@signalwayantibody.com](mailto:order@signalwayantibody.com)Support: [tech@signalwayantibody.com](mailto:tech@signalwayantibody.com)

## Description

|                    |                                            |
|--------------------|--------------------------------------------|
| Product Name       | MLH1 Antibody                              |
| Host Species       | Mouse                                      |
| Clonality          | Monoclonal                                 |
| Clone No.          | IHC409                                     |
| Applications       | IHC                                        |
| Species Reactivity | Human                                      |
| Formulation        | Tris Buffer, pH 7.3 - 7.7, with 1% BSA and |
| Storage            | Store at 2-8C. Do not freeze.              |

## Application Details

Recommended

working dilution range:1:100 - 1:200

## Images

MLH1 (P1029) on Esophagus

## Product Description

MutL Homolog 1 (MLH1) is a protein involved in the mismatch-repair pathway. This protein is commonly associated with hereditary non-polyposis colorectal cancer, as the MLH1 gene is frequently mutated in patients with this cancer. Studies have shown MLH1 to be deficient in a high percentage of patients with microsatellite instability, as well as endometrial and ovarian cancers. Use of Anti-MLH1 is optimized when paired in an IHC panel with MSH6, MSH2, and PMS2. Anti-MLH1 is useful in the detection of MLH1 in a number of normal and neoplastic tissues, and for identifying a loss of MLH1 in tumors that are microsatellite-unstable.
